OBJECTIVE

As a third-year student majoring in Information Technology at Duy Tan University with a GPA of 3.37, I have hands-on experience working on real-world web projects using Node.js, Express, React, MongoDB and PostgreSQL. With a solid foundation in web development and a strong ability to self-learn, I am eager to pursue a career in the Web Development eld. Over the next 3 to 5 years, my goal is to become a professional full-stack developer and contribute to large-scale projects
